

DART Orange Line to North Irving/DFW

Carpenter Ranch

Construction Update

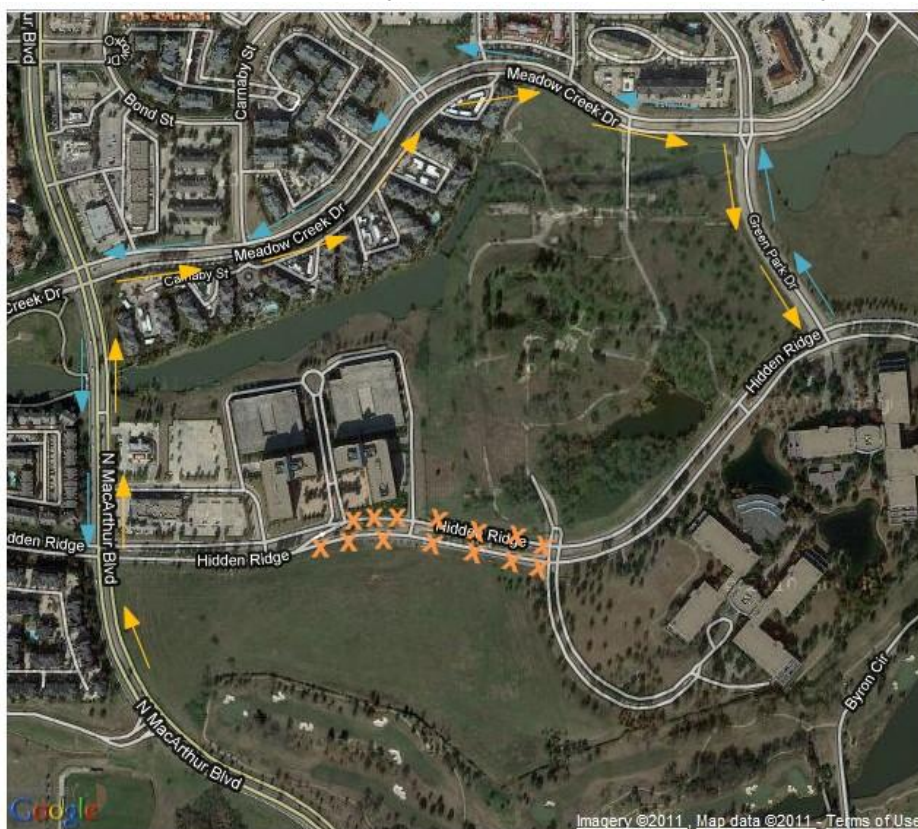

The DART Orange Line construction is quickly moving along the corridor and through the Carpenter Ranch area. In an attempt to minimize impacts, weekly construction updates are emailed out. This helps provide a more definitive answer to many construction questions, and provides notice to areas that may experience upcoming traffic delays or construction activity.

You can register for Orange Line Construction Updates online at www.dart.org.

These lane restrictions are needed to provide a safe work area as crews continue crossing work. As construction proceeds over the next couple of years, additional lane restrictions and configuration changes may be needed to accommodate other construction activities. Signage will be present to direct motorists.

The following configuration is scheduled to begin on Monday, March 7 and will remain in place through late April. Variations of this configuration may be required for crews to safely complete activities. Please note that all dates are tentative as they do not account for weather delays or other schedule impacts.

**Beginning Monday, March 7
Hidden Ridge will be closed to
thru traffic between Green Park
and MacArthur Blvd.**

Access to business drives will be maintained.

Thru traffic on Hidden Ridge should use Meadow Creek/Green Park as their detour route.

Please use caution when traveling through construction zones, observe any changes to speed limits or detours, and be aware of the construction workers delivering this project.
